3. **SPINNAKER COMMERCIAL PAPER**

3.1 **Form**

Spinnaker Commercial Paper is issued in the form of registered Notes under a Note Deed Poll dated on or about 11 August 2000 executed by Spinnaker ("**Note Deed Poll**") and in accordance with the Agency and Registry Services Agreement.

3.2 **Lodgement in Austraclear System**

3.3 **Transfers and Uplift From Austraclear System**

Spinnaker Commercial Paper is transferable within the Austraclear System in accordance with the Austraclear Regulations.

Spinnaker Commercial Paper may only be transferred outside, and uplifted from, the Austraclear System in the limited circumstances expressly provided for in the Agency and Registry Services Agreement. These include:

- for the purposes of repurchase, redemption or cancellation of Spinnaker Commercial Paper (whether on or before maturity);
- if a Noteholder states to Austraclear that it needs to physically hold or be registered as holder of Spinnaker Commercial Paper outside the Austraclear System to pursue any rights against Spinnaker following an alleged default, and that request appears to Austraclear to be reasonable; and
- where Austraclear exercises any power it may have under the Austraclear Regulations, under the terms of the Spinnaker Commercial Paper or that it may otherwise have, to require uplift of Spinnaker Commercial Paper.

3.4 **Payments**

Any payments under or in respect of Spinnaker Commercial Paper must be made in Australian Dollars on the due date for payment:

- in the case of Spinnaker Commercial Paper lodged in the Austraclear System, by settlement in favour of the Noteholder in accordance with the Austraclear Regulations; and

3.5 **Stamp Duty**

No stamp duty is payable on the transfer of Spinnaker Commercial Paper within the Austraclear System.

3.6 **Governing Law**

Spinnaker Commercial Paper is governed by the laws of New South Wales.

4. **STRUCTURE OF PROGRAM**

4.1 **Ownership of Spinnaker**

All of the shares in Spinnaker are held by State Street Capital Pty Limited as charitable trustee under the terms of a charitable trust. The shares in Spinnaker may not be transferred until there is no Spinnaker Commercial Paper outstanding.

4.2 **Directors of Spinnaker**

The majority of the board of directors of Spinnaker will be independent, in the sense that they will not be officers of or employed by any of State Street Bank and Trust Company, State Street Capital Pty Limited or any affiliate of them ("**State Street Group**"). Initially, one director will be a nominee of the Program Administrator. Spinnaker is not a subsidiary of or controlled by any company in the State Street Group, and the composition of its board of directors complies with the Australian Prudential Regulation Authority's guidelines in Prudential Standard APS 120 including any Guidance Note thereto.

4.3 **Security Trust**

Spinnaker has granted a first ranking fixed and floating charge over all of its assets and undertaking to the Security Trustee. The Security Trustee holds the charge on trust for the benefit of holders of Spinnaker Commercial Paper, the providers of liquidity facilities and credit enhancements, Keel Capital Inc., as provider of the Intercompany Loan and the holders of the Subordinated Notes. See section 6 for further information.

4.4 **Dealers and Austraclear**

Spinnaker has appointed Commonwealth Bank of Australia, Deutsche Bank AG, Sydney Branch, SG Australia Limited, National Australia Bank Limited, Macquarie Bank Limited and State Street Bank and Trust Company as dealers to the program to undertake, on a reasonable endeavours basis, to place Spinnaker Commercial Paper. The dealers will not underwrite the issue of Spinnaker Commercial Paper. Spinnaker has appointed Austraclear to provide agency and registry services (under the Agency and Registry Services Agreement) in connection with Spinnaker Commercial Paper.

4.5 **Program Administrator**

Spinnaker has appointed State Street Capital Pty Limited as the Program Administrator to manage and administer the program on its behalf. The role of the Program Administrator is to manage all administrative and day-to-day aspects of Spinnaker's involvement in the program. State Street Capital Pty Limited will also act as manager of each Receivables Trust. See section 5 for further information.

4.6 **Receivables Trusts and Nature of Assets**

Investments made by Spinnaker will be in a number of trusts (each a "**Receivables Trust**")

which will, in turn, apply the amounts invested in purchasing Receivables. Each Receivables Trust will be structured according to the nature of the Receivables to be purchased. Spinnaker is prohibited from issuing any Spinnaker Commercial Paper to finance the making by it of investments in a Receivables Trust unless the Rating Agencies have confirmed that the structure of the Receivables Trust will support the continuance of the credit rating of Spinnaker Commercial Paper at not lower than "A-1+" by S&P and not lower than "P-1" by Moody's. Factors to be considered by the Rating Agencies in giving such confirmation will depend upon the structure of the relevant Receivables Trust and may include (for example):

- the terms of any swap or other hedging transactions entered into by the relevant Receivables Trustee;
- the credit rating of any swap or hedge counterparty; and
- the terms of any pool specific enhancements (see section 4.14).

4.7 **Eligible Receivables**

Each Receivables Trust will have different eligibility criteria for determining those Receivables which can be funded by Spinnaker's investment in that Receivables Trust. These eligibility criteria may vary considerably between each Receivables Trust, and may include, but are not limited to:

- (a) the nature of the transaction which created the Receivable;
- (b) certain characteristics of the Receivable, including its aging;
- (c) the nature and characteristics of the party who is obliged to pay the Receivable;
- (d) the period for which the Receivable has remained unpaid; or
- (e) in the case of Receivables which are securities or other financial assets, their credit rating; and
- (f) any other matter which the Program Administrator considers appropriate based upon negotiations with the seller and a review of the seller's generation and management of its Receivables.

4.8 **Funding of Purchase and Entitlements of Spinnaker**

Each Receivables Trustee will fund the purchase price of Receivables by seeking investments from Spinnaker in the relevant Receivables Trust and/or utilisation of the relevant liquidity facility (see section 4.12). Investments from Spinnaker will be funded by Spinnaker issuing Spinnaker Commercial Paper, utilisation of the relevant liquidity facility and/or drawing on the Intercompany Loan. Spinnaker is prohibited from issuing Spinnaker Commercial Paper unless it is rated at least "A-1+" by S&P and at least "P-1" by Moody's at the time of issue.

The terms upon which investments will be made by Spinnaker in a Receivables Trust will be such as to entitle Spinnaker to receive, by way of income and capital distributions from that trust (and subject to the performance of the underlying Receivables and the compliance with their obligations by the providers of any pool specific enhancements) sufficient amounts to enable it to meet its obligations in respect of Spinnaker Commercial Paper and under the relevant liquidity facilities and the Intercompany Loan.

4.9 **Spinnaker Commercial Paper**

Spinnaker Commercial Paper may be issued:

- (a) to fund investments and increase investments in a Receivables Trust;
- (b) to fund Spinnaker's obligations in respect of maturing Spinnaker Commercial Paper;
- (c) to fund Spinnaker's obligations under a liquidity facility agreement; and
- (d) to fund Spinnaker's obligations under the Intercompany Loan.

4.10 **Servicer**

The Receivables Trustee may, upon purchase of the Receivables from the relevant seller, appoint that seller (or where there is more than one seller, one of those sellers) or an independent third party to service the Receivables. The identity of the servicer and the terms of its appointment will be subject to review by the Rating Agencies for the purposes of confirming a credit rating of Spinnaker Commercial Paper of at least "A-1+" by S&P and at least "P-1" by Moody's.

4.11 **Credit and Liquidity Support**

The obligations of Spinnaker to holders of Spinnaker Commercial Paper will be supported by:

- (a) collections and other amounts received in respect of the Receivables;
- (b) the availability of liquidity facilities entered into with respect to the funding of each separate pool of Receivables;
- (c) the availability of the Program Credit Enhancement Facility; and
- (d) the availability of the Intercompany Loan.

In addition, pool specific enhancements may be required (see section 4.14).

4.12 **Nature of Liquidity Facilities**

There will be a separate liquidity facility supporting each Receivables Trust. The liquidity facility will be either a cash advance facility or a liquidity asset purchase agreement (under which the liquidity provider will acquire a beneficial interest in the underlying assets of the Receivables Trust). All Spinnaker Commercial Paper will be fungible, and will be supported, ultimately, by all of the Receivables purchased by all Receivables Trusts under the program. However, each tranche of Spinnaker Commercial Paper which is issued to fund an investment in a particular Receivables Trust will be supported by a liquidity facility agreement specifically tailored to that Receivables Trust.

The primary purposes of the liquidity facilities are to enable Spinnaker to meet its obligations:

- in respect of maturing Spinnaker Commercial Paper if there is a mismatch in the timing of those obligations and the receipt of collections or other amounts received in respect of the relevant Receivables pool;
- to provide increased funding to the relevant Receivables Trust, or to make payments in respect of maturing Spinnaker Commercial Paper, if there is a disruption in the availability of funding in the commercial paper market;

- to pay amounts payable in respect of utilisations previously made under the relevant liquidity facility (the facility will be revolving in nature); and
- in respect of Intercompany Loan drawdowns if there is a mismatch in the timing of those obligations and the issue of Spinnaker Commercial Paper, drawings under the Program Credit Enhancement Facility or income available from a Receivables Trust available for this purpose.

The liquidity facilities may also be used to reimburse the holders of Subordinated Notes if the proceeds of the issue of the Subordinated Notes have been used to reimburse a Receivables Trust for any writedown on the value of an asset of that Receivables Trust and there has been a non-monetary reimbursement, reinstatement or other restoration of that asset.

Each liquidity facility will cease to be available if a liquidity event of default occurs. The liquidity events of default may vary depending on the nature of the Receivables held in the relevant Receivables Trust. However, in each case, the liquidity events of default will be structured in such a way as to ensure that the credit rating of Spinnaker Commercial Paper assigned by the Rating Agencies is not lower than "A-1+" in the case of S&P and "P-1" in the case of Moody's.

4.13 **Nature of Credit Enhancement**

Spinnaker has available to it a credit facility under the Program Credit Enhancement Facility. This facility may be drawn to fund any shortfall in the amounts available for distribution to holders of maturing Spinnaker Commercial Paper or any shortfall in the amounts available for payment to the provider of the Intercompany Loan. The maximum aggregate amount available under the Program Credit Enhancement Facility is determined in consultation with the Rating Agencies and will be sufficient to ensure that the credit rating assigned by the Rating Agencies to Spinnaker Commercial Paper will be at least "A-1+" by S&P and at least "P-1" by Moody's. That amount may vary from time to time, depending upon a number of factors, including the characteristics of the Receivables held in the various Receivables Trusts, the tenor of Spinnaker Commercial Paper issued to finance the acquisition of those Receivables, and the terms of the Intercompany Loan used to finance the acquisition of those Receivables.

The Program Credit Enhancement Facility ceases to be available if a credit enhancement event of default occurs. These defaults are limited to non-payment of amounts available for distribution to the Program Credit Enhancement Provider under the Security Trust Deed (see section 6 below), and the insolvency of Spinnaker.

4.14 **Subordinated Notes**

Spinnaker has issued Subordinated Notes to a third-party investor in an amount that is a majority of "expected losses" as determined by the Program Administrator under the Financial Accounting Standards Board's Financial Interpretation No. 46 Consolidation of Variable Interest Entities an interpretation of Accounting Research Bulletin No.51 ("**Fin 46**"). This does not affect the priority or status of the holders of Spinnaker Commercial Paper or Keel Capital Inc., as provider of the Intercompany Loans, and the holders of Spinnaker Commercial Paper and Keel Capital Inc. should not rely on the Subordinated Notes for credit enhancement.

4.15 **Pool Specific Enhancements**

Depending upon the credit quality of the Receivables held in a particular Receivables Trust, the Receivables Trustee may have the benefit of additional pool specific credit enhancements or liquidity facilities. These may include, for example, but are not limited to:

- over collateralisation of the relevant Receivables pool (the obligations of the relevant Receivables Trust to provide funding may be limited to a percentage (less than 100%) of the balance of the eligible Receivables pool);
- a bank guarantee or letter of credit to support any obligations of the relevant seller with respect to the ongoing servicing of the Receivables;
- trade credit insurance in respect of the Receivables; and/or
- recourse to the relevant seller in respect of the payment of the Receivables.

4.16 **Subsidiary of Spinnaker**

Keel Capital Inc., a wholly owned subsidiary of Spinnaker, incorporated in Delaware, USA, with its sole purpose being the raising of funds to lend to or otherwise invest in Spinnaker, will provide a revolving loan facility (the "**Intercompany Loan**") to Spinnaker. Spinnaker will use funds available under the Intercompany Loan, along with the proceeds from the issue of Spinnaker Commercial Paper and drawings under a liquidity facility, to invest in Receivables Trusts, as described in section 2.

4.17 **Combined Effect of Credit Enhancements, Liquidity Facilities and Intercompany Loan**

Before Spinnaker makes its first investment in any Receivables Trust after the Preparation Date, the Rating Agencies must confirm that the terms of the relevant Receivables Trust, liquidity facility and any pool specific enhancements are such that, combined with the Program Credit Enhancement Facility and the Intercompany Loan, Spinnaker Commercial Paper issued to fund that investment will be rated not lower than "A-1+" in the case of S&P and "P-1" in the case of Moody's.

No Spinnaker Commercial Paper may be issued to fund an investment in a Receivables Trust if the relevant liquidity facility or pool specific credit enhancement are not available, or have terminated, or the Program Credit Enhancement Facility is not available or has terminated.

4.18 **Limited Recourse and Non-Petition**

The rights of the holders of Spinnaker Commercial Paper to enforce the obligations of Spinnaker are limited pursuant to the terms of a Note Deed Poll, to the exercise of its rights as a secured creditor under the Security Trust Deed (see section 6). Accordingly, the rights of Noteholders are limited to enforcing the due administration by the Security Trustee of the Security Trust Deed, and the exercise of their rights under the Security Trust Deed. None of the holders of Spinnaker Commercial Paper may with respect to the payment of any amount payable in respect of Spinnaker Commercial Paper:

- (a) commence any recovery or enforcement proceedings against Spinnaker;
- (b) apply to wind up Spinnaker;
- (c) make any statutory demand on Spinnaker under section 459E of the Corporations Act; or
- (d) exercise any rights except through the Security Trustee in the exercise of its rights to appoint a receiver or administrator to Spinnaker or any of its assets.

5. **PROGRAM ADMINISTRATOR**

5.1 **Program Administration Agreement**

Under the Program Administration Agreement, Spinnaker has appointed State Street Capital Pty Limited as the Program Administrator to:

- (a) supervise and administer the exercise and enforcement of the rights and obligations of Spinnaker under the Transaction Documents, so as to ensure:
 - the compliance by Spinnaker with its obligations under the Transaction Documents; and
 - the exercise and enforcement by Spinnaker of its rights and discretions under or in respect of the Transaction Documents; and
- (b) where appropriate or necessary, act as Spinnaker's agent for the purposes of the program.

5.2 **Not a Guarantee of Spinnaker Commercial Paper**

The obligations of the Program Administrator do not amount to a guarantee or indemnity in respect of Spinnaker's obligations under the Transaction Documents or Spinnaker Commercial Paper.

6. **SECURITY TRUSTEE**

6.1 **Security Trust Deed**

The Security Trust Deed for the program is dated 10 August 2000 and is executed by Spinnaker in favour of the Security Trustee. It has been amended. Under the Security Trust Deed (as amended), Spinnaker has charged to the Security Trustee all of its right, title, benefit and interest in and to all of its assets and undertaking, present and future. The charge operates as a first ranking fixed and floating charge.

6.2 **Secured Creditors**

The charge created by the Security Trust Deed secures the repayment by Spinnaker of all debts and monetary liabilities of Spinnaker to:

- the holders of Spinnaker Commercial Paper under or in respect of Spinnaker Commercial Paper;
- each liquidity facility provider under or in respect of the relevant liquidity facility agreement;
- the credit enhancement provider under or in respect of the Program Credit Enhancement Facility;
- Keel Capital Inc. under or in respect of the Intercompany Loan;
- the holders of Subordinated Notes under or in respect of the Subordinated Notes; and

the Security Trustee under or in respect of the Security Trust Deed.

6.3 **Application of Distributions on Enforcement**

Money received as a result of the exercise of the powers conferred by the Security Trust Deed in respect of a Receivables Trust (including the proceeds of collections in respect of Receivables distributed under the Receivables Trust) after the charge has become enforceable, or after the relevant liquidity facility for that Receivables Trust has terminated, must be applied:

- (a) firstly, in or toward payment or provision for the Security Trustee's fees;
- (b) secondly, in or towards payment of or provision for enforcement expenses;
- (c) thirdly, in or towards payment of any fees, costs and expenses (other than those referred to in the other paragraphs of this section 6.3) which are incurred by Spinnaker in complying with its obligations or exercising its powers under the Transaction Documents;
- (d) fourthly, in or towards payment or, in the case of amounts payable to holders of Spinnaker Commercial Paper, provision for payment (*pari passu* and rateably), of:
 - (i) amounts owing to the relevant liquidity facility provider in respect of principal and interest under the relevant liquidity facility agreement;
 - (ii) that part of the amounts owing to Noteholders which is equal to the aggregate of Spinnaker Commercial Paper which was issued to fund investments by Spinnaker in the relevant Receivables Trust; and
 - (iii) amounts owing to Keel Capital Inc. under the Intercompany Loan;
- (e) fifthly, in payment to the Program Administrator of any accrued and unpaid Program Administration Fee;
- (f) sixthly, in or towards payment of any amounts (other than principal and interest) outstanding to the liquidity facility provider under the relevant liquidity facility agreement;
- (g) seventhly, in or towards payment of amounts outstanding to the program credit enhancement provider, up to a maximum amount equal to the aggregate of all drawdowns under the Program Credit Enhancement Facility which were drawn down in respect of shortfalls arising under the relevant Receivables Trust;
- (h) eighthly, in or towards payment of or provision for amounts outstanding in respect of the issuance expenses of Spinnaker Commercial Paper;
- (i) ninthly, in or towards payment of any unpaid interest owed to the holders of Subordinated Notes;
- (j) tenthly, in payment to the Program Administration of any fees (other than those referred to in paragraph (e) above) due and unpaid to the Program Administrator;
- (k) eleventhly, in or towards payment of any other amounts owing to the holders of Subordinated Notes; and
- (l) finally, the balance (if any) to the Program Administrator.

A failure by Spinnaker to pay any amount due to a holder of a Subordinated Note will not

constitute an event of default if at that time there is any amount outstanding to any other Secured Creditor.

Any amount received representing a reimbursement, reinstatement or other restoration of any writedown on the value of an asset of a Receivables Trust or any other shortfall in the amount available to meet Spinnaker's obligations to the Secured Creditors (other than the holders of Subordinated Notes) and which in either case has been previously met by the holders of Subordinated Notes will not be included in the amount available to be paid under paragraphs (a) -(j) above.
